

# Canquest Flooring

Hardwood & Engineered

## TECHNICAL DATA SHEET

### ENGINEERED WOOD OAK

100% Natural

Custom stained

Hand-scraped

T&G assembly system

#### Wood Grading Guide

**Premier:** This grade is the highest grade of flooring, considered as cleaner, knots free, beveled, brushed, variation in color from brown to clear. Allergy friendly, Anti-bacterial, Anti-static and Alive.

**Second and Better:** This grade is the mixture of Premier and Natural grades. It has high percentage of sound knots with an even color variation without sapwood. It has a revolutionary technology that only needs gentle cleaning when needed.

**Rustic/Natural:** Variation in coloring from very dark to light tones. Mineral streaks accepted. Sound knots accepted.

#### COLLECTION

Oak

#### DIMENSIONS

Width	125, 150, 190 mm
Length	600 - 1900 mm
Thickness	15 mm
Bevels	Micro-bevel
Box per sq.m	2.82 m <sup>2</sup>
Pallets	104.5 m <sup>2</sup>
Qty per 20' Container	10 pallets

#### APPEARANCE

Composition	Single Strip
Finish	7 layers of scratch resistance lacquer, 7 layers of UV Oil, White Oil

#### PROPERTIES

Hardness (Janka)	1010 lbf
Waste	A +/-5% margin for error and imperfection is an accepted industry standard.
Moisture Content	Content between 6% to 8%
Relative Humidity (recommended)	37% - 45%

Installation Method  
Grains

Glue-down, Sikabond Acoustic, Free Floating Method  
Plain Sawn

#### WARRANTY

Warranty is granted for a period of 10 years in normal use, maintenance, humidity and temperature conditions.
